DR. Jane Henney -

I urge the FDA to follow
the EUROPEAN UNION's lead
and move immediately to ban
animal uses of growth-promoting
ANTIBIOTICS used in human
medicine. Overuse of antibiotics
as growth promoters in livestock
has been linked to the emergence
of ANTIBIOTIC resistant diseases.

TAKE ACTION NOW so we will
limit or stop the rise in untreatable
infectious diseases.

Sincerely,

Joanne Duick

Member of The Humane Society of the United States
